Rev Ms. J. H. Kanal
Tolani Institute of Management Studies
TIMS (now TMIMS)

VISION

To be a leading management institute in contemporary, contextual and value driven management education.

MISSION

To strive for diversity and a multi-disciplinary education

To promote entrepreneurship and skill development

To pursue the spirit of inquiry and contribute to the body of knowledge through research

To leverage technology in the teaching-learning paradigm

To build strong industry-institute networks and relationships

VALUES

To be socially responsible and sensitive to environmental concerns

To respect the dignity of people

To pursue inclusive policies and growth

To abide by moral and ethical values

To become a lifelong learner

We introduce ourselves as Tolani Motwane Institute of Management Studies (TMIMS), previously known as Tolani Institute of Management Studies - TIMS, an “A+” grade premium management institute in Gujarat founded in 1995 with the mission of promoting excellence in the field of management education by producing ethically & morally strong qualitative managers since more than two decades of its existence.

According to NEP 2020, the purpose of the education system is to develop good human beings capable of rational thought and action, possessing compassion and empathy, courage and resilience, scientific temper and creative imagination, with sound ethical moorings and values.

The world is undergoing rapid changes in the knowledge landscape. To work in this VUCA environment, it is becoming increasingly critical that children not only learn but more importantly learn how to learn. Pedagogy must evolve to make education more experiential, holistic, integrated, inquiry – driven, discovery – oriented, learner – centered, discussion-based, flexible, and, of course, enjoyable.

Our vision is “To be a leading management institute in contemporary, contextual and value driven management education” that perfectly aligns with the vision of NEP – 2020.

Since the academic year 2016, TMIMS is affiliated to Gujarat Technological University (GTU). With the new name and new energy, we still continue to mark our presence in “GTU Top 10” with glorifying results of our students. We offer two years full-time MBA course with specialization in Marketing, Finance, HR and a special certificate course in Maritime Management. Over the years our students are setting high benchmarks in terms of academic performance.

TMIMS was also honored and felicitated by Shri Prakash Javdekar (Union Minister MHRD) & Shri Ravishankar Prasad (Union Minister Law & IT) for securing the 16th position out of Top 20 Best Institutes of India for creating awareness towards Digital Financial Literacy under the Govt. project VISAKA. The Knowledge Consortium of Gujarat, Department of Education, Government of Gujarat on the recommendation of ICARE (Indian Centre for Academic Rankings and Excellence) has rated Tolani Motwane Institute of Management Studies “3 Star” by Gujarat State Institutional Ratings Framework (GSIRF) in June 2021.

Our alumni are our torch bearers. They light the path for their successors by providing proper guidance. They not only show the path, but also make the path by being on top positions in big corporate house or by making big business houses of their own.

This year TMIMS Celebrating 26 years of excellence in which throughout the year various cultural and academic activities are planned that will enhance student's managerial skills and make them JOB READY in this new normal

It gives me immense pleasure to present to you the 27th batch (2021-23) of professionals crafted by the institute with a difference.

Dr. Sampada Kapse

Director, Tolani Motwane Institute of Management Studies

Tolani Motwane Institute of Management Studies (TMIMS) earlier known as Tolani Institute of Management Studies (TIMS) was established in 1995 in Kutch by Late Jamvanti Kanal. TIMS an institute of repute has been instrumental in nurturing the dreams and aspirations of some of India's brightest minds through a mix of intensive curricular and co-curricular activities. Since its inception, TIMS is progressively moving ahead on the pathway defined by its mission of becoming one of the Best Management Institutions. This was made evident when TIMS was rated for the 5th consecutive time as A+ Grade management Institute by Business India Survey in 2014.

The legacy of TIMS is now carried ahead by the name TMIMS. Tolani Institute of Management Studies is now Tolani Motwane Institute of Management Studies affiliated with Gujarat Technological University from the year 2016.

TMIMS has gained tremendous attraction both from the students and corporate on the grounds of producing ethically & morally strong qualitative managers. The program at TMIMS is aimed at making them well shaped leaders of the highest professional competence. Our students acquire various entrepreneurial qualities and management skills by organizing and executing plethora of events and fests round the year. The state of art infrastructure at the Campus supports to raise the standards of our graduates commensurate with the demands of the industry and the society. TMIMS is committed to the development of priceless managerial and humane skills of the students so that they can contribute in making the world, a better place to live.

The Masters of Business Administration (MBA) has five mutually supportive learning segments: interactive learning, course projects, summer internship projects, comprehensive project and Multi disciplinary action project.

The interactive learning exposes students to theory and concepts related to basic management discipline and development issues through various core and elective courses. The pedagogy of the program is highly interactive. It envisages active participation and action oriented teaching methods which includes lectures, case studies, assignments, presentations, group discussions, business games, role-plays, simulations, video films and industry visits. The emphasis is on involving participants to make learning participant centric and help them relate the concepts ideas and theories to their own experiences. Consistent with recent advances in training technology, the program integrates the use of computers with learning of basic principles in different functional areas.

Six weeks summer internship provides the students with a learning opportunity and practical work experience in organizations of repute to apply the management concepts learnt in the classroom to real life situations and helps them develop innovative customized solutions to the major issues faced by the organization. Comprehensive project is offered in the second year to undertake long-term studies on a particular topic. The students get an opportunity to rigorously analyze and apply managerial insights to complex management with view to provide problems and their solutions.

MAP is an experiential learning opportunity. MAP involves students solving multidisciplinary business problems or opportunities by applying problem solving techniques. Action based learning develops leadership capabilities as students collaborate to deliver best possible outcomes given the limited time, resources and data. A multidisciplinary action project is where students work on actionable projects identified by their sponsoring companies / organizations

/ NGOs / rural bodies, involving their learnings from multiple disciplines. The multidisciplinary nature of the project shall be due to the application of solutions from multiple disciplines to industry problems. Students are expected to actually solve real life business challenges and problems

YEAR - 1 (Semester I & II) Compulsory Subjects

- Developing contributory skill- I
- Cost & Management Accounting
- Economics for Managers
- Managerial Communication
- Organizational Behaviour
- Business Ethics and Corporate Governance
- Management Information System
- Business Statistics
- Business Analytics
- Corporate Finance
- Marketing Management

- Security Analysis and Portfolio Management
- Financial Derivatives
- Insurance & Risk Management
- International Finance
- Corporate Restructuring & Valuation

Human Resource Specialization

- Change Management and Organizational Development
- Compensation Management
- Human Resource Audit
- Performance Management
- Human Resources Planning & Development

Knowledge Bank plays a pivot role in dissemination of knowledge, information, insights and intellect for management learners

Our knowledge Bank, our library, houses 3783 plus selectively chosen books. it includes resources relevant to teaching, learning, research and consultancy needs of the institute. About 30 journals of national and international repute, periodicals and journals are subscribed to help the students to keep abreast with recent trends of globalization. Further we have an extensive collection of corporate annual reports and Audio Visual references which makes TMIMS Knowledge Bank an excellent knowledge destination Knowledge Bank is fully computerized with the user friendly software SOUL (Software for University Libraries). This software facilitates automated circulation, issue & return of the books and speedy facilitates automated circulation, issue & return of the books and speedy access to bibliographies, locations and availability information of the books stocked in the Knowledge Bank. Books have been bar coded to facilitate easy access and retrieval TMIMS has subscribed online resources for its yousers .

The i Centre

iCenter provides modern computing facilities, consistent with its philosophy that the use of **Information Technology** is a critical component of management education.

iCenter is equipped with ultra-modern system division. The computers are fully equipped with latest softwares including statistical software SPSS.

The entire TMIMS campus is connected through and equipped with **High Speed Broad Band Wi-Fi access**, facilitating seamless internet connectivity to all the users.

Head Corporate Relatio

Dear Corporate Partner,

Welcome to Tolani Motwane Institute of Management
2022 – 23.

Dr. Tejash V Pujara

Professor &
Head, Corporate Relations -

At the outset, we would like to thank you for your continuous support in providing the right opportunity to our students in the past. It's my privilege to invite you to visit our campus for the Final Placement of batch 2022 – 23 & the Summer Internship of batch 2022 - 24.

We are delighted to present before you our young and energetic students of batch 2021 - 23. They possess strong work ethic, entrepreneurial mindset, analytical skills and are prepared to work in VUCA environment. They have great leadership potential with values like being socially responsible, respecting dignity of people and being lifelong learner. We are confident that our students will live up to your expectations and prove to be valuable assets over the long run due to their knowledge, skills, and attitude.

Once again, I welcome you to our Placement Season 2022 – 23. Hoping to have a long-term association with your esteemed organization.

"Acquiring the right talent is the most important key to growth."

It gives me immense adulation in writing that the above statement is truly justified by the "Tolani Institute of Management" and its students. We have been sourcing talents from this institute at a very regular interval and it has always been a great feeling when it comes to the seamless, well-regulated process of recruitment, and it could have only been possible with the substantial support from its Placement Team especially, Mr. Sagar Tanna, and the co-faculty members, who have always been significant pillars of support to us. On the other end, students are extremely talented, versatile, and indeed quick learners, which every recruiter always aspires for.

We as an organization would like to express our sincere gratitude to the entire institution for being supportive and indeed looking forward to the everlasting bond.

Corporate Speak

Hello This is Raja Gunti (2015-17)

Raja Gunti
Ashapura Shipping Group

My experience with TIMS has been quite a transformative. They have helped me understand the importance of communication & comprehension. This has helped me evolve as a professional. Also, they have helped me pave my way to better future in both career & personal life. Those set of organizational skills helped me create my own set of ideals, ethics, character & conduct which ultimately led to me being an Advance Diploma in Dry Cargo Chartering from ICS, UK.

Today, I represent Ashapura Shipping Group which has three units under it. My father handles one unit of Stevedores & transportation where as I started under his tutelage with my own set of morals 7 years back. Currently I am working as a Managing Director and have two units initiated by me for Custom clearance & Dry cargo Chartering with a vision of realizing our targets along with maintaining our core values & discipline. We are a well-regarded & grounded shipping company standing firm in Kandla which is steadily moving forward towards our global goals of achieving international standards and overall client satisfaction with our smart work, efforts & personal handling.

Alumnus Speak

“Words may inspire but action creates change”

Hola everyone! This quote might come up an entire decade because it has to be always us doing it, be it you or the people in your surroundings.

TMIMS will always be an inseparable part of my life for all the lessons which I have learned or you can say I got a job because of them. College is like Instead of you going and knocking on the doors of potential employers, here they come to you.

Curtain falls on yet another eventful year, here at TMIMS. A time for us to reflect, work on our shortcomings and humble ourselves for all our successes. TMIMS has yet again succeeded in providing us all with a meticulously and carefully planned mix of academics and extra-curriculars through which all of us have proved yet again that, it's not just studies that we excel in, but every single endeavour that we choose to do.

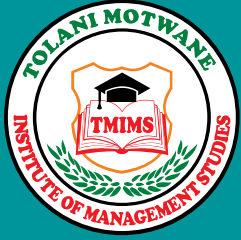

I can proudly say that I have been a part of the India's finest and oldest Housing Finance company - HDFC Limited. The constant encouragement and involvement from my professors has been the strong catalyst on which we the students have built up our successes, whether be in academics or lifting the college's name high elsewhere.

I have proudly signed off from college with my name high up in the “Honour Roll” but the memories will stay forever.

Shreeya Bhargava
