VISION

**To be a leading
management institute
in contemporary, contextual
and value driven
management education.**

Mission

- To strive for diversity and a multi-disciplinary education**
- To promote entrepreneurship and skill development**
- To pursue the spirit of inquiry and contribute to the body of knowledge through research**
- To leverage technology in the teaching-learning paradigm**
- To build strong industry-institute networks and relationships**

Values

- To be socially responsible and sensitive to environmental concerns**
- To respect the dignity of people**
- To pursue inclusive policies and growth**
- To abide by moral and ethical values**
- To become a Lifelong learner**

It is my pleasure to introduce Tolani Motwane Institute of Management Studies (TMIMS), formerly known as Tolani Institute of Management Studies (TIMS), a premier management institute in Gujarat. Since our inception in 1995, we have been committed to shaping ethically strong, highly skilled managers with a mission of excellence in management education. Over the past 29 years, TMIMS has continuously evolved, standing tall as an “A+” grade institute and consistently ranked among the top institutions of Gujarat Technological University (GTU).

In a groundbreaking achievement, TMIMS became the first management institute in GTU to receive NBA accreditation for its MBA program, affirming the highest standards of academic excellence and commitment to quality. This recognition reflects our unwavering dedication to providing world-class education, preparing students to navigate the complexities of today's fast-changing business landscape.

Aligned with the vision of the National Education Policy (NEP) 2020, our approach is to develop holistic and ethical business leaders capable of thriving in a VUCA (Volatile, Uncertain, Complex, and Ambiguous) environment. We strive to instil creativity, resilience, and ethical values, ensuring that our students are not just career-ready but future-ready. Our MBA program offers specializations in Marketing, Finance, and Human Resources, along with a unique certificate course in Maritime Management, helping our students achieve academic excellence and practical industry insight.

As we celebrate 29 years of fostering innovation and leadership, we remain focused on experiential and value-driven education. TMIMS has consistently achieved outstanding results and earned accolades, such as being honoured by prominent figures like digital financial literacy by MHRD initiatives and being rated 3 Stars by the Gujarat State Institutional Rating Framework (GSIRF). These achievements underscore our commitment to maintaining academic rigor while fostering an environment of continuous growth and development.

Our alumni are testament to our success, excelling as leaders in top corporations and as entrepreneurs shaping their own business ventures. They continue to guide and inspire our current students, furthering the legacy of TMIMS.

It is with great pride that I present to you the 2023-2025 from NBA Accredited MBA batch of dynamic, industry-ready professionals. I am confident that they will bring the same level of commitment, creativity, and ethical leadership that has been the hallmark of TMIMS graduates for nearly three decades.

Dr. Sampada Kapse
Director
Tolani Motwane Institute of Management Studies

Tolani Motwane Institute of Management Studies (TMIMS), originally established as Tolani Institute of Management Studies (TIMS) in 1995 by Late Jamvanti Kanal in Kutch, was founded with the vision of developing ethical and professional leaders for industry and society. Over the years, TMIMS has upheld its legacy of delivering high-quality business education, transitioning from TIMS to its current form while maintaining its core values and mission. Since 2016, TMIMS has been proudly affiliated with Gujarat Technological University (GTU).

In a significant milestone, TMIMS has become the first management institute under GTU to receive prestigious NBA accreditation for its MBA program. This recognition reaffirms our commitment to academic excellence and assures both students and recruiters of the world-class education we provide. The NBA accreditation is a testament to the quality of our curriculum, faculty, and infrastructure, all of which are designed to meet the highest global standards.

As a reputable institute, TMIMS has consistently played a pivotal role in nurturing the aspirations of some of today's brightest minds. Through a balance of rigorous academic programs and enriching co-curricular activities, we prepare our students to be leaders of the highest professional and ethical standards. Our programs focus on shaping students into innovative thinkers and responsible managers, equipped with the necessary entrepreneurial qualities and management skills. Students at TMIMS gain practical experience through organizing and participating in numerous events and festivals throughout the year.

With state-of-the-art infrastructure and NBA-accredited programs, we create an environment conducive to learning and growth, enabling our graduates to meet the evolving demands of industry and society. TMIMS remains deeply committed to fostering essential managerial and humane skills in its students, ensuring that they not only succeed professionally but also contribute positively to making the world a better place to live.

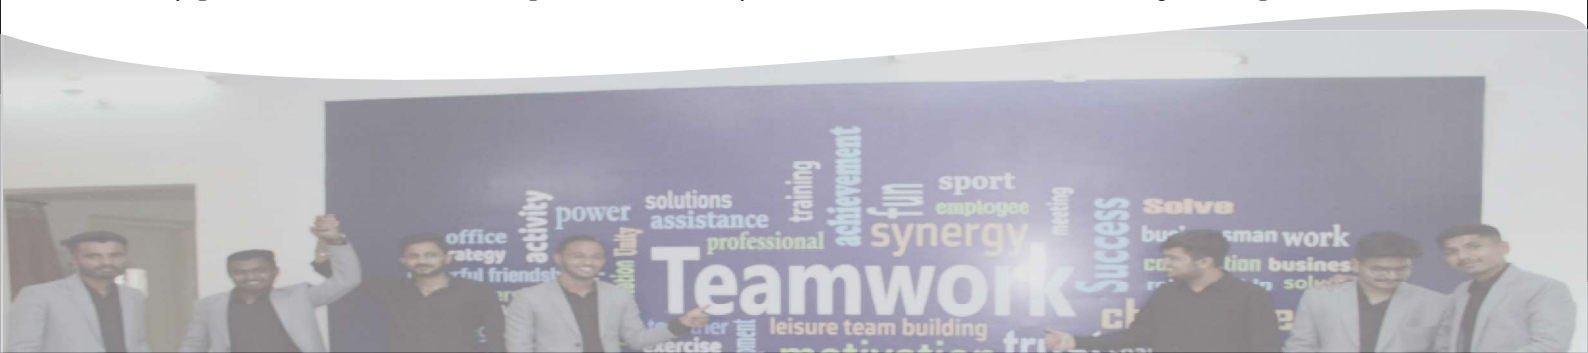

The Masters of Business Administration (MBA) Program has five mutually supportive learning segments: interactive learning, course projects, summer internship projects, comprehensive project and Multi disciplinary action project.

The interactive learning exposes students to theory and concepts related to basic management discipline and development issues through various core and elective courses. The pedagogy of the program is highly interactive. It envisages active participation and action oriented teaching methods which includes lectures, case studies, assignments, presentations, group discussions, business games, role-plays, simulations, video films and industry visits. The emphasis is on involving participants to make learning participant centric and help them relate the concepts ideas and theories to their own experiences. Consistent with recent advances in training technology, the program integrates the use of computers with learning of basic principles in different functional areas.

Six weeks summer internship provides the students with a learning opportunity and practical work experience in organizations of repute to apply the management concepts learnt in the classroom to real life situations and helps them develop innovative customized solutions to the major issues faced by the organization. Comprehensive project is offered in the second year to undertake long-term studies on a particular topic. The students get an opportunity to rigorously analyze and apply managerial insights to complex management with view to provide problems and their solutions.

MAP is an experiential learning opportunity. MAP involves students solving multidisciplinary business problems or opportunities by applying problem solving techniques. Action based learning develops leadership capabilities as students collaborate to deliver best possible outcomes given the limited time, resources and data. A multidisciplinary action project is where students work on actionable projects identified by their sponsoring companies / organizations / NGOs / rural bodies, involving their learnings from multiple disciplines. The multidisciplinary nature of the project shall be due to the application of solutions from multiple disciplines to industry problems. Students are expected to actually solve real life business challenges and problems.

YEAR - 1 (Semester I & II) Compulsory Subjects

- Developing Contributory Skill- I
- Management Accounting
- Economics for Managers
- Managerial Communication
- Organizational Behaviour
- Business Ethics and Corporate Governance
- Management Information System
- Business Statistics

- Performance Management
- Human Resources Planning & Development

Knowledge Bank plays a pivot role in dissemination of knowledge, information, insights and intellect for management learners.

Our knowledge Bank, our library, houses 5025 plus selectively chosen books. it includes resources relevant to teaching, learning, research and consultancy needs of the institute. About 25 print journals and subscriptions of national and international repute, periodicals and subscription of Proquest Online Journal Database to help the students to keep abreast with recent trends of globalization. Further we have an extensive collection of corporate annual reports and Audio Visual references which makes TMIMS Knowledge Bank an excellent knowledge destination Knowledge Bank is fully computerized with the user friendly software SOUL (Software for University Libraries). This software facilitates automated circulation, issue & return of the books and speedy access to bibliographies, locations and availability information of the books stocked in the Knowledge Bank. Books have been bar coded to facilitate easy access and retrieval TMIMS has subscribed online resources for its users .

The i Centre

iCenter provides modern computing facilities, consistent with its philosophy that the use of Information Technology is a critical component of management education.

iCenter is equipped with ultra-modern system division. The computers are fully equipped with latest software.

The entire TMIMS campus is connected through and equipped with **High Speed Broad Band Wi-Fi access**, facilitating seamless internet connectivity to all the users.

Dear Corporate Partner,

Greetings from Tolani Motwane Institute of Management Studies (TMIMS)!

Prof. Sagar Tanna
Head-Corporate Relations

As we embark on the Placement Season 2024, I would like to extend our sincere gratitude for your continued support in providing exceptional opportunities to our students over the years. It is my pleasure to invite you to our campus for the Final Placement of the 2023-25 batch and the Summer Internship Placement (SIP) of the 2024-26 batch.

At TMIMS, we are committed to fostering a comprehensive learning environment that integrates a rigorous academic curriculum with hands-on industry exposure. This year, we are especially proud to announce that our MBA program is the first in Gujarat Technological University (GTU) to receive prestigious NBA accreditation. This recognition speaks volumes about our dedication to delivering high-quality education and assures recruiters of the exceptional caliber of our students.

Our students are well-prepared with strong analytical, research, and practical skills, honed through internships, industry projects, and experiential learning programs. With the introduction of NBA standards, we have further elevated the quality of our curriculum, ensuring our graduates are industry-ready and equipped to meet the challenges of an ever-evolving business landscape.

We warmly invite you to collaborate with us and take advantage of the opportunity to recruit from a talented pool of future business leaders. We look forward to building long-term partnerships that will contribute to the growth and success of your organization and ours.

Best regards,

Prof. Sagar Tanna

"A Study on Recruitment Training and Development at Welspun India Ltd."

Prasad G. Pancholi

Vice President - Cluster Head
Kachchh Cluster HDFC Bank Ltd.

It has always been pleasure strategically associating with TMIMS, the pedagogy followed by TMIMS is helping alumni inculcating value system and orientation. I wish all the alumni/students of TMIMS to have great future ahead in their life.

We are pleased to share our positive experience with the placement process for the Batch of 2022-24 at TMIMS. The professionalism and dedication demonstrated by the TMIMS team have been commendable.

Overall, the quality of students has consistently met our expectations, showcasing not only their academic knowledge but also their readiness for the corporate world. We have found the candidates to be proactive, enthusiastic, and well-prepared for the roles they applied for.

Our interactions with the TMIMS team have been smooth and productive, and we appreciate the clear communication and support throughout the process.

We look forward to continuing our successful partnership and wish the TMIMS team all the best.

Bina Kachhadiya

Head - Human Resource
Fortune Inc.

We were delighted with the Caliber of students we met during the recruitment process. The candidates demonstrated exceptional knowledge, skills, and enthusiasm. We were particularly impressed with their:

- ✦ Strong academic foundation
- ✦ Excellent Communication and presentation skills
- ✦ Ability to think critically and solve problems creatively.
- ✦ Proficiency in industry – relevant tools.

We appreciate the seamless and efficient campus recruitment process. Your team's organisation, communication and hospitality were outstanding.

We look forward to continuing our partnership with Tolani Motwani Institute of Management Studies and exploring opportunities to engage with your students and faculty in future.

Mitesh Tanna

Deputy Manager – Sales
Allcargo terminals

During my visits to the Institute, I found it effective in the Kutch region. Last year's MBA recruitment showed that some students are intelligent, career-oriented, and eager to learn. Looking forward for long term association

Dipak Bhowmik

Sr. Manager
Speedy Multimodes Ltd.
